

Good evening and welcome to the North Carolina & Friends D-Star net.  
My name is \_\_\_\_\_ and my call is \_\_\_\_\_, and I'll be your net control for this evening.

The purpose of the North Carolina & Friends D-Star net is to encourage D-Star use, to provide a forum for discussion of D-Star and other digital voice modes, and to catch up with other D-Star users anywhere in the world.

This net meets each Tuesday evening at 9:00 pm eastern time. The net is held on Reflector 54 Charlie. If Ref 54C is not available, the net will move to Reflector 38 Charlie. Tonight, the net originates from (Your repeater call and port here, or DVAP/Dongle/Hotspot if using one).

If there are any stations with priority traffic or announcements for the net, please call Net Control now.

**(Await any stations with priority traffic, if any:)**

Go ahead with your traffic.

**(Allow priority traffic)**

Next, we will take check-ins from any mobile stations or other stations that need to be in and out. Please Call Net Control now.

**(Take Check-ins, call each station in turn as in the below example)**

K4XYZ good evening. Your name, location, and comments for the net please?

**(Repeat for each station that has checked in)**

We will now take regular check-ins.

\* Note to Net Control: The Quick Key monitor is no longer available. If you wish to use Quick Key on your hot spot screen, go for it.

**Normal start (If NOT using Quick-Key)**

Stations are asked to check in using voice. All check-ins will be acknowledged by net control. If you are not acknowledged, please try again when check-ins are called for. Please also be aware that tailgating, or transmitting immediately after another station unkeys, will create problems with seeing your call. Please be patient and allow space between transmissions.

Stations wishing to check in to the North Carolina D-Star net, please Call now.

**(Take a list of check-ins, record the call signs)**

Here are the stations I have so far:

**(Acknowledge stations by call sign and name if known)**

Additional stations wishing to check in to the North Carolina & Friends D-Star net, please Call now.

**(Repeat as needed)**

We'll now take comments from these stations. If you have not yet been acknowledged, please be patient as I will call for additional check-ins after comments. Net Control will start.

**(Add your comments, current D-Star activities, topic of the evening, etc.)  
(Call each station in turn as in the below example)**

K4XYZ good evening. Your name, location, and comments please?

This is (Your Call) with the NC & Friends D-Star Net

**(Repeat for each checked-in station)  
(After giving everyone a chance to comment)**

This is (Your Call) with the North Carolina & Friends D-Star net. That's the list as I have it. Are there any additional check-ins? Please Call now.

**(Acknowledge each as before, give opportunity for comments).**

This is (Your Call) with the North Carolina & Friends D-Star net.  
Are there any announcements for the net? If so, please Call now.

**(Acknowledge and allow any announcements)**

This is (Your Call) with the North Carolina & Friends D-Star net.  
One last call for check-ins. Please Call now.

**(Acknowledge each as before, give opportunity for comments).**

**(Close the Net)**

This is (Your Call) now closing this session of the North Carolina & Friends  
D-Star Net. I'd like to thank all stations for your participation and encourage you to  
check in again next week.

This Net meets each Tuesday evening at 9:00 pm, originating from various D-Star  
repeaters and amateur radio stations connected to Reflector 54 Charlie (or 38C).  
I wish everyone all the best and have a great week.  
73 from (*your call*). This reflector is now returned to normal amateur service.
